

MASTER CLASS

DOLBY ATMOS

Techniques and practices
for creating an engaging
audio experience.

29/NOV

19H00 GMT+1

DYRE GORMSEN

The visionary behind Eastcote
Mastering's Atmos Studio

Dolby Atmos

Masterclass

This two-hour masterclass on Dolby Atmos provides an introduction to the technology and its significance in creating immersive sound experiences.

You will learn about the setup and calibration of a Dolby Atmos production environment, including hardware and software requirements.

The masterclass covers the essential mixing techniques for Dolby Atmos, emphasising the use of object-based positioning and panning to create immersive soundscapes.

Through case studies and practical examples, you will gain the ability to mix creatively in Dolby Atmos. Plus, you'll have the opportunity to ask questions during an interactive Q&A.

What will I learn?

- Principles and fundamentals of mixing in Dolby Atmos.
- How to set up and calibrate a Dolby Atmos production environment.
- How to implement creative mixing techniques for immersive soundscapes.
- How to use object-based positioning to create an engaging sound experience.

Method

All items in the MasterClass should follow the logic:

Explanation-Demonstration.

Professional and technical explanation with practical examples.

Clear and professional communication.

Pedagogical Contents:

- Introduction to Dolby Atmos and listening experience
- Dolby Atmos digital Setup and Calibration
- Creative mixing Techniques for Dolby Atmos
- Monitoring and Quality Control
- Case Studies and Practical Examples
- Q&A Session
- 3 Professional Tips

Final Price | In person ticket 245£

About

Dyre Gormsen

Join us on an exciting journey into the world of Dolby Atmos mixing and mastering with Dyre Gormsen, the visionary behind Eastcote Mastering's Atmos Studio in the heart of West London. This special place has been a center for collaboration with some of the best talents in the music industry since 2019, where they've created incredible immersive sound experiences. Big names like Arcade Fire, Sitrekin, Jason Maraz, Popcaan, and Drake have all benefited from Dyre's expertise, taking their music to the next level.

We're excited to announce that Dyre will be guiding you through Restart's special class on Dolby Atmos mixing and mastering. In this class, he invites you to explore the magic of working with Dolby Atmos technology. Dyre will share his valuable knowledge and techniques, showing you how to create amazing audio experiences that go beyond the norm. Whether you're an experienced professional or just starting out, this class will help you understand and improve your skills in Dolby Atmos mixing and mastering. Don't miss this opportunity to learn from a true expert in the field.
